SUSTAINABILITY

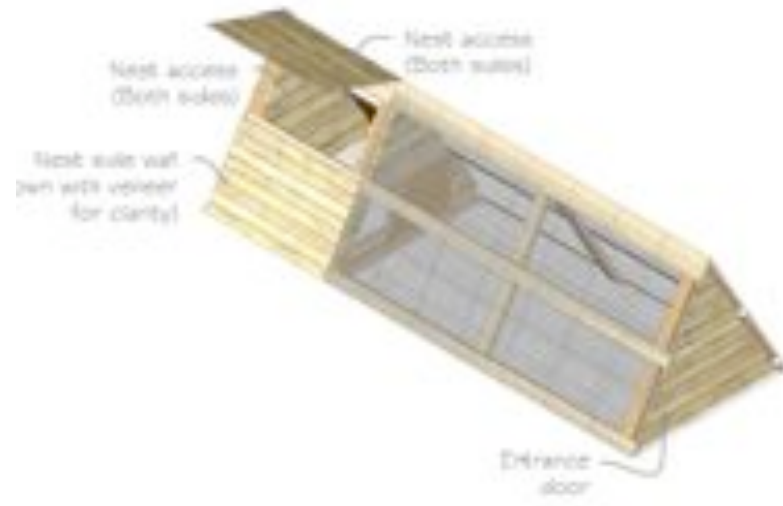

# Activism in Halifax

# Fred's Approach

# Food

- Water
- Grit
- Kelp
- Calcium
- Feed
- Kitchen scraps
- Other protein (slugs, bugs, etc.)

# Worries

- Will chickens make too much noise?
- Is keeping chickens too smelly for the city?
- Should we be concerned about avian flu?
- Can chickens make it through an Atlantic Canadian winter?

# Worries

- Will keeping chickens attract rats or other pests?
- Will we go to jail for keeping chickens in the city?
- Do we have enough space?
- Will predators eat our hens?
- Will we be able to find supplies in the city (feed, bedding, etc.)?

# Resources

- Be a supplier!
